## DAVID WHATTA GUY

Now sing along!

It's my party and I'll cry if I want to  
Cry if I want to  
Cry if I want to  
You would cry too if it happened to you!

When I was elected to take on the world  
You wouldn't believe how I felt  
Now, 47, my hair has gone grey  
and my gut hangs over my belt

It's my party and I'll cry if I want to  
Cry if I want to  
Cry if I want to  
You would cry too if it happened to you

I remember when I couldn't leave my own  
house  
From fans I had to flee  
Now I hobble down the Danforth sucking  
my gums  
And people say "didn't he used to be ..."

It's my party and I'll cry if I want to  
Cry if I want to  
Cry if I want to  
You would cry too if it happened to you!
